### Artemis Fowl

**Psychogios**  
Publications  
has recently  
published  
"Artemis  
Fowl: The  
Graphic  
Novel," a new  
book  
by Eoin  
Colfer,  
illustrated by  
Giovanni  
Rigano and

translated by Evdoxia Binopoulou. The adventures of Colfer's popular hero, the 12-year-old criminal mastermind Artemis Fowl, have been successfully adapted in this graphic novel that is certain to entertain young and old. It is in this different format that Artemis Fowl returns with a new sinister plan: kidnapping a fairy and demanding a ransom. But Artemis has no idea of the trouble he is about to get into. The 112-page book is intended for children 11 and up and its price is set at 11 euros.

### Advice for parents

**Patakis** has  
put out a new  
book titled  
"Prikismena  
mora -  
empnefsmeni  
gonis"  
(Endowed  
Children -  
Inspired  
Parents) by  
Stelios  
Papaventsis.  
The 240-page  
book is

designed for parents and aims to give tips and ideas about how to create a healthy relationship with their children. As a pediatrician, the author has in-depth knowledge of what a child really needs in order to grow up strong and healthy. The book is written in a simple way and operates as a parenting guide that includes personal experiences and thoughts encouraging parents to adopt or avoid specific behaviors toward their children.

The book, which costs 9.50 euros, is recommended for moms and dads who want to make a good start or improve the relationship with their children.
